

SOFPRENE® 54R300A72/CT NEUTRO

Typical mechanical properties

Stress at break	4.1 MPa	ISO 527-1/-2 or ISO 37
Elongation at break, perpendicular	500 %	ISO 527-1/-2 or ISO 37
Shore A hardness, 3s	73	ISO 48-4 / ISO 868
Tear strength, normal	25 kN/m	ISO 34-1

Physical/Other properties

Density	1030 kg/m ³	ISO 1183
---------	------------------------	----------

Injection

Max. mould temperature	20 - 40 °C
------------------------	------------
